

Privacy Policy

We respect your privacy. API keys and trading configuration are stored locally on your device; we do not receive your exchange credentials.

Our website may collect standard server logs and basic analytics for security and performance.

Analytics and performance monitoring. We use Cloudflare Web Analytics and Real User Measurements (RUM) to understand aggregated usage and monitor website performance (for example, page views, referrers, approximate location, device/browser information, and performance metrics such as page load times). Cloudflare Web Analytics is designed to operate without client-side state such as cookies or localStorage for analytics purposes.

If you contact support, we process the information you send to respond to your request.

Payment providers may process billing information. We do not store full card details on our servers.
